

## Why it pays to Trade at a Cash Store

There never was and probably never will be a cash store that did not sell goods at a bargain price percentage less than credit stores in the same community.

There are, of course, some things sold at about the same price, but in such instances it is an article sold by all the credit stores as well as the cash stores at a bargain price percentage less than credit stores in the same community. For instance, if some staple article cost 19 cents and the established price of all merchants on it is 25 cents, it could not well be sold at less than that price. But on the other hand, there are many articles costing from 17 to 20 cents sold by the cash stores for 25 cents that are sold by the credit stores at from 20 cents to 40 cents and that is where the cash stores save you money and if you were to take a pencil and figure the per centage you would find the saving of a big interest on your money over buying at a credit store and paying on the first of the following month.

A lady came in the store one day for a comb. She selected one at 35 cents. She said, "I just priced one like this down the street at 50 cents. I thought there would be more difference than that up here. We always have things charged down the street." We said, "Madam, do you know what you would save if you could buy all your goods at the rate of 35 cents where you have been paying 50 cents? You could save exactly \$300.00 on every \$1,000.00 you spend. If your husband, now makes \$1,000 per year, it would be equivalent to raising his salary \$300 per year. If you could save the same percentage on all your purchases that you have saved on this comb, 'We'd, I declare,' she said, 'I've never thought of that before. I've been saving 5 and 10 cents on a great many things I've bought here and I've found it pays to trade at Davidson's Cash Store. I think you already count on me as one of your regular customers.'

is for August. A much warmer and brighter. But each morning you'll find here. A talk about light.

The public generally do not know as much about their eyes and the proper use of glasses as is necessary for their welfare.

A series of plain eye talks in alphabetical form will be printed for a few weeks.

We will tell you about the care of the eyes, their common defects, and give a simple test or two by which some defects may be detected.

Of course, we do this to advertise our work. We believe that most people who have defective eyes would be glad to have them corrected if they were sure that they were entirely safe from injury through ignorance or carelessness.

Through our method of examination we get a correct diagnosis without the use of drugs.

**CANAL CLEANING**—A force of men was put to work yesterday cleaning out the canal below the joint head.

**GONE TO DOUGLAS**—E. J. Bonnell left last night for Douglas and vicinity on mining business.

**GRAHAM BEGINS EARLY**—Sam F. Webb, chairman of the democratic territorial committee, received a telegram from Ben M. Crawford of Graham county yesterday, announcing that the democrats of that county had held their convention and elected delegates to the territorial convention instructed for Mark Smith for delegate to congress. Graham will have 27 votes in the convention.

**CENTRAL M. E. CHURCH SOUTH**—Divine services will be conducted morning and evening by the pastor, Harold Gavette. Subject for 11 a. m., "From Humility to Exaltation." Subject for 8 p. m., "The Disciples in Distress." Sunday school, 9:45 a. m. Subject, "God and the Great World Problem." Leader, C. N. McEneaney. Sunday morning the sacrament of the Lord's supper will be administered. Let all members give themselves to self examination and prayer. It is the desire of the pastor that all the members of the church be present at this service.

**CAPTURE OF A HORSE THIEF**—Rafael Reavis was captured yesterday at Houck's corral. He had stolen a horse from Jose Gonzalez near Agua Caliente sometime ago and left the country. For some time it could not be learned which way he went, but it was supposed that he was on his way to Phoenix. The officers here were on the lookout for him and they notified the corral of his probable early appearance. Night before last he rode into Houck's corral on the horse he had stolen.

**FELL FROM A SCAFFOLD**—D. H. Crosby, a carpenter and contractor, met with a very painful accident yesterday which will put him out of commission for a while. He was at work on a scaffold at a school house ten miles west of Phoenix when the scaffold gave way and he fell to the ground. He was very badly bruised on one side and it is feared a couple of ribs were broken. He was brought to town as soon as possible and is now at his home, No. 342 north Third avenue.

**POLICE COURT**—Sam Wah, the Chinaman arrested for running an opium joint was tried yesterday in police court and sentenced to jail for thirty-five days. John Doe, the white man caught in the haul forfeited his bail bond by staying away from court. Andy Garcia was given the usual five days for drunkenness as was Terebia Camargo, who is playing Andy a close second as star patron of the city jail.

**ANOTHER TOURING PHOENICIAN**—Charles J. Sanichas leaves tonight for the east and like many others expects to return to Phoenix in the fall a wiser but poorer man. He will visit Kansas City on the road and will spend two weeks in St. Louis, where he expects to see everything that is to be seen at the great fair before he travels on to Chicago, which is his old home. His brother, Dr. Sanichas, and his many relatives and friends will certainly show him a good time during his visit for he has been away three years in the search of health. This he has regained in Phoenix as well as becoming one of the prosperous business men of the city.

**RETURNED FROM OAKLAND**—Mrs. L. E. Allen and daughters, Misses Jessie and Sadie, arrived in Phoenix yesterday morning at three o'clock on one of the Santa Fe overland trains, from San Francisco. Without stopping they proceeded north to Iron Springs, where Mr. Allen was awaiting them, and after a sojourn of a month at the springs they will return here to reside permanently. After living in Phoenix several years, Mr. Allen and family removed to Oakland four years ago.

**LABOR DAY TEST**—The union organizations of Tucson are making great preparation for the celebration of labor day in that city. They will have among other attractions a steer tying contest for which prizes to the amount of \$240 have already been collected. Invitations have been sent out to the most expert cowboys of the southwest and it is expected there will be the greatest steer tying talent there ever collected in this part of the country. Among those from Phoenix will be Deputy Sheriff Oscar Roberts, the holder of the record for this territory, twenty-six seconds.

**FOOT AMPUTATED**—A man by the name of Tobin, 72 years old, was brought down from Tempe a day or two ago and placed in the Sisters' hospital. He was suffering from gangrene in one of his feet, making necessary its amputation. The operation was performed and last evening he was reported doing nicely. In the operation spinal anaesthesia was employed and very successfully. The patient witnessed the amputation of his foot cheerfully without pain or other distressing sensation, and was able to converse and know all that was going on around him. There is some mystery concerning the origin of his malady, and there is a theory that it may have been the sting of a centipede, but there is no authentic proof of it. Mr. Tobin has no knowledge of when he was stung, if indeed he was. All he knows is that his foot got sore and it was at first supposed by his physician that it was caused by erysipelas, but there was a small wound that looked like it might be the result of an insect's sting. Later when gangrene developed consideration was given the centipede theory, but there is no absolute proof of it.

**A SIMPLE QUESTION.**  
Phoenix People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Phoenix more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

J. A. Taylor, foreman of the Republican printing office, living at 84 South First Ave., says: "I was subject to kidney complaint for six or seven years. Every time I contracted a cold it settled in my kidneys and the aching was much more pronounced. When the spells were at their worst I could neither sit, stand, nor lie with any comfort and had to keep constantly changing position for the meager assistance this makeshift gave. When standing all day at the desk the lame and aching back was a very unbearable companion, and when suffering with rather an acute attack I noticed an advertisement about Doan's Kidney Pills and went to the Brisley Drug Co.'s store for a box. Now, if it had not brought about the results promised I positively aver I never would have bought a second, and if the second had not stopped the last attack I would be the last resident of Phoenix to publicly endorse the preparation. I also used Doan's Ointment for itches of the skin and found it equally as good for the purposes intended as Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
